

"A freewheeling, feel-good holiday movie."

—Steven Rea, Philadelphia Inquirer

A moment comes when you stop dreaming and create your own destiny. For Walter Mitty, a daydreamer who escapes his anonymous existence by disappearing into a world of fantasies, that moment is now. When his job, along with that of his coworker (Kristen Wiig), is threatened, Walter takes action in the real world, embarking on a journey more incredible than anything he could've imagined. Ben Stiller directs and stars in this inspiring story about an ordinary man who finds the courage to leap into the extraordinary adventure that is life.
